

Design Engineering Society
2017–2018

**Undegraduate
Video
Competition**

These videos are to showcase our students' perspective on our courses as well as their talents, interests and experiences. We are proud that Design Engineering students are a diverse cohort and we want these videos to celebrate this. This means there is no 'one ideal video'. Make the video that you feel fits the School. Make it in the style that you want and focus on the aspects of Design Engineering and the School that you are passionate about.

Competition rules

Entrants

This Competition is open to all students currently studying on the MEng Design Engineering course.

Submission deadline

Videos must be submitted by 09:00 Sunday 1st April

Prizes

There are two categories of video

- 30±3 seconds
- 120-180 seconds

The best video in each category will be awarded **£150**. The best overall video will be awarded an additional **£200**.

Judging guidances

- 01** These videos are about your student experience and viewpoint of Design Engineering at Imperial College London.
- 02** These videos should encourage positive interest in Design Engineering. They will be shown to potential students, industry contacts and general members of the public.
- 03** We are looking for innovation and experimentation from our cohort (whether in content, video style or both).
- 04** Design Engineering is an inclusive subject – we have a lot of variety in our cohort, our syllabus and our research. Aim to reflect this.
- 05** We welcome submissions that contain non-English content, however accurate English translations must be provided in the video (subtitles etc.). All non-English content (either spoken or subtitles) will be verified by a native speaker.
- 06** Whilst Imperial College is an integral part of Dyson School Design Engineering, your video should focus on the School and Design Engineering over the wider College.
- 07** Submitted videos will be displayed to the public as representations of the School. Therefore, all content must be appropriate and in line with Imperial College London's code of conduct for staff and students.
- 08** Your video must be attributed to Imperial Design Engineering Society (we want everyone to know that our students made these).

Terms and conditions

- The submission must be your own original work, created solely by you. Entries must not have been published elsewhere or have won a prize in any other competition. Entrants must warrant that the photograph they are submitting is their own work and that they own the copyright for it.
- Team entries are permitted but must be clearly stated as part of the submission. Prize money will be split evenly between all named team members.
- If any person appears in the image, video, or piece of writing, you are solely responsible for obtaining consent prior to submitting your entry. Formal submission of your entry will represent any required clearances.
- The entry must not contain or reference any names, products or services of any company, entity or any third party trademarks, logos, trade dress or promotion of any brand, product or service. This includes use of the School or Imperial logos.
- The submission must not contain any personally identifiable information of any person without their explicit consent. Should you include such information, they acknowledge and agree that such information will be disclosed publicly and they are responsible for any consequences.
- By sharing any contribution (including any text, photographs, graphics, video or audio) with the School, you agree to grant the School, free of charge, permission to use the material in any way it wants (including modifying and adapting it for operational and editorial reasons).
- All entries must be received by the advertised closing time and date. Late, illegible, incomplete or otherwise unusable entries will not be accepted. The School cannot accept any responsibility for lost entries. • The School reserve the right to withdraw or amend this competition at any time without notice.

Terms and conditions

- The decision of the judges is final and no correspondence will be entered into.
- The School reserves the right in its sole discretion to disqualify any submission that it believes violates or potentially violates any of the foregoing rules.
- All information detailing how to enter this competition forms part of these terms and conditions. By submitting an entry, you accept that all rules are final and agree to abide by these rules. Submission of an entry will be taken to mean acceptance of these terms and conditions.
- You MUST NOT upload your video publically or display it in any public places before the competition winners are announced. If you do this, you will be disqualified.
- Music and stock footage - Video submissions will be distributed online and played in public settings. However, they will not be used for 'profit making purposes'.
- You need to ensure that you have the relevant copy write permissions to use any music or generic stock footage.
- Where needed, on screen credits should be provided.
- You may find this website useful: <https://creativecommons.org/>
- Existing pictures and footage of the School - The School's Design Engineering Flickr account can be found here: <https://www.flickr.com/photos/137376925@N07/>
- You have permission to use any image or video posted by Dyson School Design Engineering for this video (except for the logos).
